

H.D. Chasen Co. Inc.

"Others Talk - We Stock"

The H.D. Chasen Co. has been supporting Structural Steel & Metal Fabricating companies with Tools and other Industrial Supplies for 65 years.

Items that we Stock:

Klein (Ironworkers Tools)
Power Team (Pumps & Rams)
Milwaukee Power Tools – Magnetic Drills
Wrenches – Slugging / Spud
Bull Pins / Drift Pins
Torque Wrenches / Multipliers
Bandsaw Blades
DBI (Safety Harnesses & Supplies)
Hillman (Heavy Equipment Moving)
Jancy (Magnetic Drills & Annular Cutters)
Sait / United Abrasives (Grinding Supplies)
Abrasives / Scotchbrite / Buffing Supplies
Bridge Reamers
Metal Cutting Circular Saws
Bridge Clamps
Impact Sockets / Guns
Taps & Dies for Rebar & Steel
Rebar Working Drills & Tools
Chain Hoists / Lever Pullers
Slings - Nylon / Wire Rope

Magnetic Drill Cutter Sharpening

Magnetic Drill Rentals

Education & Information

H.D. Chasen Co. Inc. can help you engineer even the toughest structural & metal fabrication jobs.

Evolution 7" & 9" metal-cutting saws

Morse Metal Devil™ metal-cutting saw blades work well on standard circular saws, but reach their full potential when used on special metal-cutting circular saws. As an added convenience to Morse Metal Devil™ users, we offer Evolution saws for maximizing the durability, quality of cut and versatility of Morse Metal Devil™ 7" and 9" blades.

Evolution™ saws have a sturdy, heavy-duty feel as they cut through metal smoothly and with

Morse Metal Devil™ blades improve the performance of circular saws or special metal-cutting saws.

minimum effort. This saw was built to cut metal with a unique motor design that maintains torque and operates at the optimum RPM as the blade moves through steel, thin steel, aluminum and stainless steel.

We believe this is the most highly evolved metal-cutting circular saw on the market today, for use with 7" and 9" Metal Devil™ blades. No wonder they call it Evolution™

Sure grip handles help steady saw during cutting

cuts cool

Special motor maintains torque at optimum RPM's during cutting

Upper chamber collects virtually all chips

Upper chamber also minimizes sparks and deadens sound

9" Saw cuts 0° to 45° bevel

Evolution™ saws to handle both 7" and 9" Metal Devil™ blades are available from Morse.

Guide arrows and sight opening make it easier to position blade

9" saw can cut beveled edges

Cut FASTER

When equipped with Morse Metal Devil™ blades the Evolution™ saw moves through metal up to five times faster than more traditional cutting methods.

Cut COOLER

Very little friction is created while cutting due to the unique metallurgy of the Morse Metal Devil™ blades. As a result heat is transferred to the part being cut.

Cut SMOOTHER

Evolution™ saws help you cut through steel with hardly any vibration. It's very close to the smooth, solid feel you get cutting through plywood with a traditional circular saw.

The **METAL DEVIL'S** Favorite Metal-Cutting Partner

Two different sized Evolution™ metal-cutting saws are available from The M.K. Morse Company. Although Morse Metal Devil™ saw blades are available in sizes ranging from 5-3/8" to 14" dia., the 7" and 9" blades fit perfectly on these Evolution saws. This makes it easy for you to match the best metal-cutting circular saw blades with the best metal-cutting circular saws available today. Morse Metal Devil™ saw blades and Evolution™ saws... the most highly evolved way to cut ferrous and non-ferrous metals, alike.

Evolution™ 180:

7" Diameter Metal-Cutting Circular Saw

Weight (lbs.):	13
Arbor Size:	20mm
Amps:	11
Watts:	1,200
Hp:	2.25
RPM:	3,500
Cord Length:	6'
Blade Size:	7"
Maximum Cutting Depth:	2.36"
Retracting Blade Guard	
Overload Switch	
Cutting Guide	
(2) Allen Wrenches included for blade changes	
3-Prong Plug	
Chip Retention Chamber	
(1) 7" Metal Devil Steel Cutting Blade Included	

\$ 384.96

Evolution™ 230:

9" Diameter Metal-Cutting Circular Saw

Weight (lbs.):	16
Arbor Size:	25.4mm
Amps:	15
Watts:	1,750
Hp:	3.25
RPM:	2,700
Cord Length:	8'
Blade Size:	9"
Maximum Cutting Depth:	3.25"
Retracting Blade Guard	
Bevel Cut:	0°-45°
Cutting Guide	
Stamped Wrench included for blade changes	
3-Prong Plug	
Chip Retention Chamber	
Rubberized Grip	
Very low vibration	
(1) 9" Metal Devil Steel Cutting Blade Included	
Storage Case	

\$ 596.96
